

For over twenty years, Plymouth Wine Company founder Jason Trulby has played a key role in the development, launch and sales of numerous fine wine brands throughout the nation. With a keen understanding of the dynamic nature of the business, as well as an expert sense of wine as a visceral expression of luxury and decadence, he set out with the singular mission of presenting wines that over-deliver in quality and value in their class. This approach has garnered success stories at every turn for the Plymouth family of wines.

Ours is a portfolio-driven company that offers exceptional quality, experience and a willingness toward personalized attention in the representation of a select number of wines from both the Napa Valley and California appellations.

We offer flagship brands under the Plymouth parentage including Twenty Rows, a partnership with Napa Valley Winemaker Brian Nuss; Centered, a Napa Valley passion-play of our own design, and our recently developed powerhouse wines with The Atom, Unsorted and Bash!

Twenty Rows was created as an homage to the first vineyard block that we planted in the Napa Valley. Our dream was to craft small lots of the finest Napa Valley wines that reflected honest varietal character and showcase the terroir. In 2003 we released our first vintage and also discovered a like-minded partner in Jason Trulby.

His mission is to share the simple and pure beauty of varietal wines that soar with flavor and texture. Twenty Rows wines reflect his signature style allowing the grapes to tell the story. Minimal handling is balanced with careful blending across multiple small lots for added layers and nuance. The resulting wines are balanced with integrated complexity and a graceful style that make a perfect companion to food.

centered

Jason founded centered wines to reflect a classic style, as he puts it: "wines that can share the table with food, wines that don't overwhelm, wines that are balanced and centered." At centered, our signature winemaking style is based on balance. For us, the word 'centered' holds deep meaning. It symbolizes a view on living well and in our winemaking, reflects a harmony of flavor and structure where both are connected and equivalent. The final wines are richly layered and reveal themselves in the glass, bit-by-bit.

Consider The Atom. Explosive, passionately scientific wines crafted from premier fruit, hand-selected in the nucleic epicenters of California's rich vineyard climates. Meant to inspire discovery and creativity at every turn, without limits, without fear.

UNSORTED

An Unsorted character, reflective of its numerous influences. Hand-selected fruit, developed in cool, moderate and warmer climates emerge in perfect balance and broad character with nuances of supportive, expansive terroir. Winemaking, where the energies of place and influences of time are encouraged to speak individual truths and still intermingle in classic and harmonious expressions. Unforgettable wines of unrivaled character.

BASH!

Bash! The perfect balance between delicate floral notes and bubbling fruity overtones, reminiscent of succulent summer strawberries, topped with delightful shortcake and creamy chantilly. An elegantly effervescent experience, best served under the summer sun, for a chillingly refreshing spritz!
